

## CATEGORIES

- 01 **Residential**  
New construction or complete renovation to existing residence.
  
- 02 **Residential Partial**  
Small scale residential projects: addition of under 500 sf or partial renovation to existing residence.
  
- 03 **Multi Residential & Sales (Marketing) Centre**  
Suites, lobbies and private function spaces created within condominiums. Facilities, whether temporary or permanent, that serve as a promotional tool in the selling or leasing of residential or commercial space; including, showrooms, exhibition spaces, model rooms and model homes.
  
- 04 **Workplace Total**  
This category requires the inclusion of staff workplaces, reception areas, meeting rooms, utility areas or other areas to the extent that the total workplace is represented.
  
- 05 **Workplace Partial**  
Unique workplace projects of any size not covered in the category above, such as training rooms, networking areas, lounges, etc.
  
- 06 **Retail & Kiosks**  
This category includes retail establishments open to the general public, whether freestanding, within a building, or as part of a shopping centre. Also included in this category are the interiors of freestanding shopping centres or shopping centre concourses, whether new construction or a renovation.
  
- 07 **Healthcare & Personal Services**  
This category includes all health care facilities; including, hospitals, clinics, research centres, therapeutic and geriatric facilities, medical offices and dental facilities.

08 Public & Institutional Spaces

This category includes places of assembly occupancy, such as schools, universities, daycare centres, museums, theatres, public art galleries, public auditoriums, airports, courthouses, correctional facilities and places of worship.

09 Hospitality

This category includes hotel rooms, suites, lobbies and private function spaces created within hotels, motels or inns. Also included in this category are spas, fitness facilities, and clubhouses, whether freestanding or within a building, food kiosks, food court spaces, restaurants, coffee shops, private or public clubs, cocktail lounges, bars and nightclubs.

10 Specialty Design

This category includes custom-designed millwork, furniture, lighting, way finding, branding and products, designed as part of an interior design project.

11 Special Jurors Award

During the judging process should any of the entries from all categories 1 to 10 be considered outstanding in any specific area – eg. adaptive reuse, sustainable design, unique usage of material etc. – the jurors may choose to award the project a Special Jurors Award.

12 People's Choice

This category is not for entry by competing design firms. The public will select from all entrants the winning projects.
